BASSEY RIMAN: UK AI SPEAKING ENGAGEMENT PORTFOLIO

Compiled by Bassey Riman (AI Engineer & Medical AI Researcher) | Event Overview, Official Speaker Banners & Live Stage Photography (London, April 23, 2026)

OVERVIEW: MY INVITED SPEAKING ENGAGEMENT AT INSPIRING DIVERSITY 2026

This portfolio documents my invited speaking engagement at "Inspiring Diversity 2026: Celebrating Black Researchers, Engineers & Data Scientists to Lead the Global AI Revolution from the UK", held on 23 April 2026 at Soul Mama Stratford, East Village, London (E20 1DB), organised by Black AI UK (https://www.blackaiuk.com) in partnership with Loughborough University London.

1. My Invited Speaker Role & Panel Topic: I was personally invited by the event organiser (Selina M) to speak on the flagship healthcare panel, "AI in Healthcare: Transforming Patient Care and Diagnostic Accuracy", moderated by Professor Roxanne Crosby-Nwaobi.
2. My Presentation & Live Interactive Demo: Addressing 90+ industry leaders and 165 registered Eventbrite attendees, I presented my work on Vision Transformers (ViT) and Explainable AI (XAI) for early Alzheimer's MRI detection and ran a live interactive audience demo of my AlzDetect platform via QR-enabled leaflets.

SPEAKING ENGAGEMENT SUMMARY

Compiled By:	Bassey Riman (Invited Panel Speaker)
Conference Name:	Inspiring Diversity 2026 (London, UK)
Organisers:	Black AI UK & Loughborough Univ. London
Event Date:	Thursday, 23 April 2026 (10 AM - 4:30 PM)
London Venue:	Soul Mama Stratford, London E20 1DB
My Session Title:	AI in Healthcare: Transforming Patient Care
Session Moderator:	Professor Roxanne Crosby-Nwaobi
Verified Scale:	165 Eventbrite Attendees | 90+ Leaders
Official Website:	https://www.blackaiuk.com

SEC 01 MY OFFICIAL SPEAKER BIOGRAPHY BANNER & HEALTHCARE AI PANEL LINEUP

BLACKAIUK.COM // LOUGHBOROUGH UNIV. LONDON

FIG 1.1: MY OFFICIAL SPEAKER ANNOUNCEMENT BANNER (BLACK AI UK)

Official speaker flyer published by Black AI UK & Loughborough University London profiling my work in Medical AI, Vision Transformers, and AlzDetect.

FIG 1.2: MY HEALTHCARE AI PANEL BANNER ('AI IN HEALTHCARE')

Official panel lineup for 'AI in Healthcare: Transforming Patient Care and Diagnostic Accuracy', featuring me alongside NHS & UK clinical AI leaders.

SEC 02 LIVE STAGE PHOTOGRAPHY: ME SPEAKING ON PANEL & FULL AUDIENCE AT SOUL MAMA LONDON

23 APRIL 2026 // LONDON E20 1DB

FIG 1.3: ME SPEAKING CENTER-STAGE ON THE HEALTHCARE AI PANEL

Addressing the audience center-stage with microphone and speaking notes during the 'AI in Healthcare' panel at Soul Mama Stratford, London.

FIG 1.4: CLOSE-UP OF ME DELIVERING MY MEDICAL AI INSIGHTS ON STAGE

Explaining how Vision Transformers (ViT) and Explainable AI enable clinicians to verify early Alzheimer's predictions from brain MRI scans.

FIG 1.5: WIDE VIEW OF THE PACKED LONDON VENUE & SEATED AUDIENCE

Full room view at Soul Mama Stratford showing seated AI engineers, researchers, and industry professionals with live stage screens on both pillars.

FIG 1.6: SPEAKERS, ORGANISERS & ATTENDEES GROUP PHOTO IN LONDON

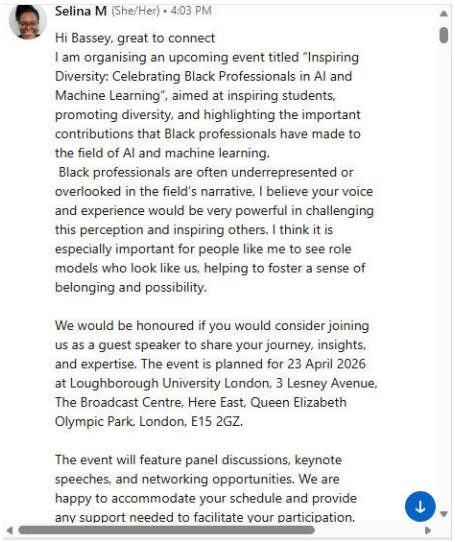

Group photograph of invited speakers, Black AI UK and Loughborough University London organisers, and conference participants.

SEC 03 — OFFICIAL SPEAKER INVITATION & CONFIRMATION MESSAGES FROM ORGANISER SELINA M

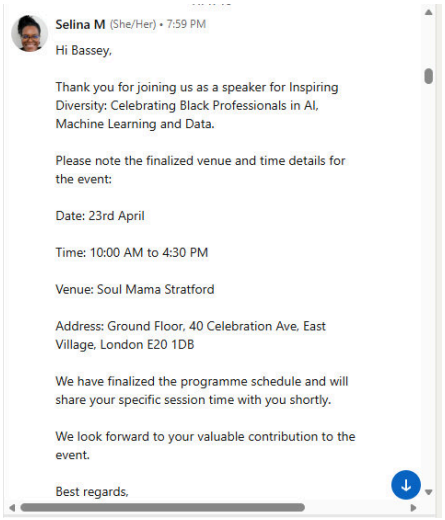

INVITED GUEST SPEAKER PROOF

FIG 2.1: INITIAL SPEAKER INVITATION

Direct invitation from organiser Selina M inviting me as a guest speaker.

FIG 2.2: VENUE & SCHEDULE CONFIRMATION

Confirmation of my speaker slot for 23 April (10:00 AM - 4:30 PM) at Soul Mama.

VERBATIM INVITATION & SELECTION CONTEXT

1. Why I Was Invited to Speak:
Organiser Selina M (Founder of AI Apps & Black AI UK lead) reached out to invite me as an expert guest speaker based on my work in Medical AI and Machine Learning.

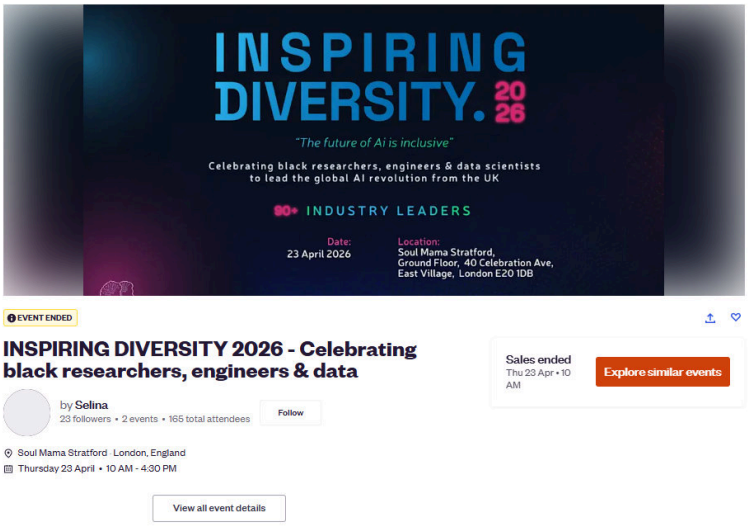

2. Verbatim Excerpt -- Initial Invitation (Fig 2.1):
"Hi Bassey, great to connect. I am organising an upcoming event titled 'Inspiring Diversity: Celebrating Black Professionals in AI and Machine Learning'... I believe your voice and experience would be very powerful in challenging this perception and inspiring others... We would be honoured if you would consider joining us as a guest speaker to share your journey, insights, and expertise. The event is planned for 23 April 2026 at Loughborough University London..."

3. Verbatim Excerpt -- Final Venue Confirmation (Fig 2.2):
"Hi Bassey, Thank you for joining us as a speaker for Inspiring Diversity: Celebrating Black Professionals in AI, Machine Learning and Data. Please note the finalized venue and time details for the event: Date: 23rd April | Time: 10:00 AM to 4:30 PM | Venue: Soul Mama Stratford, Ground Floor, 40 Celebration Ave, East Village, London E20 1DB."

SEC 04 — INDEPENDENT ATTENDANCE VERIFICATION (165 ATTENDEES) & ORGANISER SPEAKER ANNOUNCEMENT

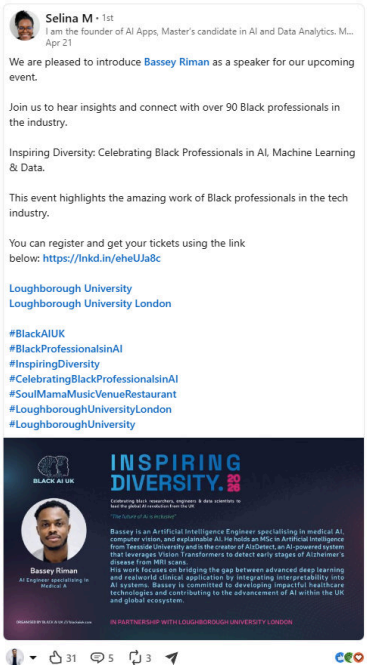

EVENTBRITE & LINKEDIN PROOF

FIG 2.3: OFFICIAL EVENTBRITE PAGE (165 TOTAL ATTENDEES | 90+ LEADERS)

Official Eventbrite registration page confirming '90+ INDUSTRY LEADERS', '165 total attendees', date (Thu 23 Apr, 10 AM - 4:30 PM), and London E20 1DB venue.

FIG 2.4: PUBLIC LINKEDIN SPEAKER ANNOUNCEMENT BY ORGANISER SELINA M

Organiser Selina M's public LinkedIn announcement (April 21): 'We are pleased to introduce Bassey Riman as a speaker for our upcoming event... over 90 Black professionals.'

SEC 05 — PANEL CREDIBILITY: MY FELLOW HEALTHCARE AI PANELLISTS & INSTITUTIONAL PARTNERS

SECTOR STANDING

01. INSTITUTIONAL PARTNERSHIP

Black AI UK & Loughborough Univ. London

Organised by Black AI UK (blackaiuk.com) in official partnership with Loughborough University London (Queen Elizabeth Olympic Park), uniting 90+ senior AI industry leaders and 165 registered attendees.

02. SESSION CHAIR & MODERATOR

Moderated by Prof. Roxanne Crosby-Nwaobi

Our Healthcare AI panel was chaired and moderated by Professor Roxanne Crosby-Nwaobi, guiding a rigorous clinical and technical discussion on diagnostic accuracy, patient trust, and inclusive medical AI.

03. FELLOW INVITED PANELLISTS

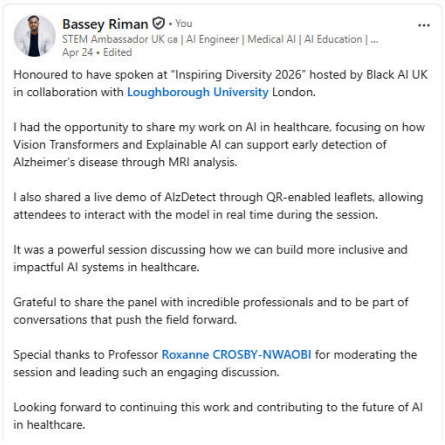

Alongside NHS & Clinical AI Leaders

I shared the stage with Mary Amanuel (Health Data Scientist & Co-Founder, NHS Python Community), Chidera Okolie (Information Governance Lead & Solicitor), and Mary-Brenda Akoda (CEO, GenScan AI).

SEC 06 MY POST-EVENT SUMMARY, AUDIENCE ENGAGEMENT (1,325 IMPRESSIONS) & LIVE QR DEMO

24 APRIL 2026 // PUBLIC RECORD

FIG 3.1: MY POST-EVENT SUMMARY (APR 24)

Bassey Riman • You
STEM Ambassador UK ca | AI Engineer | Medical AI | AI Education | ...
Apr 24 • Edited

Honoured to have spoken at "Inspiring Diversity 2026" hosted by Black AI UK in collaboration with Loughborough University London.

I had the opportunity to share my work on AI in healthcare, focusing on how Vision Transformers and Explainable AI can support early detection of Alzheimer's disease through MRI analysis.

I also shared a live demo of AlzDetect through QR-enabled leaflets, allowing attendees to interact with the model in real time during the session.

It was a powerful session discussing how we can build more inclusive and impactful AI systems in healthcare.

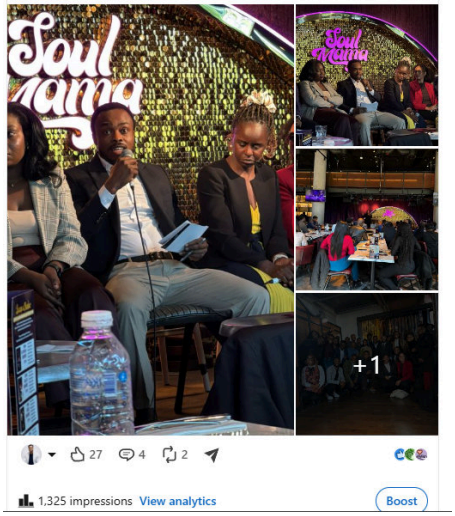

Grateful to share the panel with incredible professionals and to be part of conversations that push the field forward.

Special thanks to Professor Roxanne CROSBY-NWAOBI for moderating the session and leading such an engaging discussion.

Looking forward to continuing this work and contributing to the future of AI in healthcare.

My published post-event reflection detailing my talk and live QR demo.

FIG 3.2: STAGE COLLAGE (1,325 IMPRESSIONS)

My stage photos reaching 1,325 impressions across the UK AI community.

VERBATIM SUMMARY OF MY SESSION

Verbatim Text from My Post-Event Summary (Fig 3.1):
"Honoured to have spoken at 'Inspiring Diversity 2026' hosted by Black AI UK in collaboration with Loughborough University London.

I had the opportunity to share my work on AI in healthcare, focusing on how Vision Transformers and Explainable AI can support early detection of Alzheimer's disease through MRI analysis.

I also shared a live demo of AlzDetect through QR-enabled leaflets, allowing attendees to interact with the model in real time during the session.

It was a powerful session discussing how we can build more inclusive and impactful AI systems in healthcare.

Grateful to share the panel with incredible professionals and to be part of conversations that push the field forward. Special thanks to Professor Roxanne CROSBY-NWAOBI for moderating the session and leading such an engaging discussion."

SEC 07 WHAT I PRESENTED ON STAGE: MEDICAL AI, EXPLAINABLE VISION TRANSFORMERS & LIVE DEMO

MY TECHNICAL KEYNOTE PILLARS

PILLAR 01: VISION TRANSFORMERS IN MRI

Early Alzheimer's Detection & Staging

- I explained why early Alzheimer's diagnosis from structural MRI scans is clinically challenging due to subtle early-stage tissue changes.
- I shared how I trained a Vision Transformer (ViT) architecture on ADNI neuroimaging data to classify brain MRI scans across four clinical stages: Non-Demented, Very Mild, Mild, and Moderate Demented.

PILLAR 02: EXPLAINABLE AI (XAI) FOR CLINICIANS

Bridging Model Accuracy & Clinical Trust

- Addressing the theme 'Transforming Patient Care and Diagnostic Accuracy', I emphasized that high classification accuracy alone is insufficient in medicine.
- I demonstrated how integrating attention-based visual heatmaps allows clinicians to inspect the exact anatomical brain regions driving each diagnostic prediction.

PILLAR 03: REAL-TIME QR AUDIENCE DEMO

Live Interaction with AlzDetect on Stage

- During my panel session, I distributed QR-enabled leaflets across the tables at Soul Mama Stratford.
- Attendees scanned the QR code on their phones to access my live web deployment (https://www.alzdetect.live/) and test real-time MRI classification and explainability heatmaps during the discussion.
